STATINTL

I much appreciate your letter of 6 January and your offer to be of any service you can at this unique juncture in our history.

In a sense, we are just starting to plow the furrow with both the Presidential Commission and the Congress. Until a bit more time passes, I cannot really accurately size the needs for assistance that may be upon us.

It seems reasonable to me to leave the matter as follows. I know you still plan to move to McLean. I think you should make your plans independent of any thoughts we may have for any possible future utilization. Should I wish in the near future to avail myself of your kind offer, I will be in immediate contact.

Sincerely,

W. E. Colby
Director
